

## **Draft Hazardous Waste Facility Permit Renewal**

General Electric International, Inc.  
Los Angeles Service Center  
Anaheim, California

**PUBLIC COMMENT PERIOD: June 25 –August 9, 2004**

**PUBLIC HEARING: July 27, 2004**

We invite you to review and comment on a proposed Hazardous Waste Facility Permit for the continued storage of hazardous waste at General Electric International, Inc., Los Angeles Service Center (GE), in Anaheim. The facility is in an area zoned for light industrial use. We are holding a public hearing on July 27, 2004, to give you more information, answer questions, and take written and oral comments. The public hearing will start at 6 p.m. at the Placentia Public Library, 411 East Chapman Ave., in Placentia, California.

Our agency is the Department of Toxic Substances Control (DTSC). We regulate the storage and treatment of hazardous waste in California. The permit, if approved, would renew the facility's authorization to store hazardous waste and continue its operation with modifications. Also available for review and comment is a Notice of Exemption (NOE), which is our finding that there is no possibility of a significant environmental effect from the proposed project.

Please send written comments, emailed or postmarked by August 9, 2004, to Ms. Chia-Rin Yen, DTSC Project Manager, 1011 North Grandview Ave., Glendale, CA 91201, email: [cyen@dtsc.ca.gov](mailto:cyen@dtsc.ca.gov). Copies of the Proposed Hazardous Waste Facility Permit, NOE, and other project documents are available at the Placentia Public Library. The complete project files (Administrative Record) are available at our agency's office at the Glendale address shown above. Please contact Ms. Jone Barrio at (818) 551-2686.
